

FUNDING APPLICATIONS

INAC Minor Capital Applications for Waste Management Systems

PROJECT DESCRIPTION

- ▶ Objectives
- ▶ Scope
- ▶ Schedule
- ▶ Cost

PROJECT SUBSTANTIATION

- ▶ History of waste management (or lack of) in your community
 - ▶ Describe any current issues or concerns
 - ▶ Provide opportunities or spin-offs from new waste system
 - ▶ Explain the need for large capital purchases
 - ▶ Whatever else you can add to support the need for this project
- 

SPECIAL FACTORS OR CONSTRAINTS

- ▶ Think of things in your community that might affect the quality of your waste management application
 - ▶ Are you applying to do a study, upgrade, build new, or close your existing waste site/service?
 - ▶ Is there someone able to coordinate the project?
- ▶ Example: winter road seasons are getting shorter, so we have added a budget line item for air freight, in case.

COST BREAKDOWN

- ▶ First Nation Costs
- ▶ Third Party Costs
- ▶ Design (DAR) & Construction (PAR)
- ▶ Construction & Non-Construction
- ▶ Other Funding Sources

IMPLEMENTATION

- ▶ Day Labour
 - ▶ Contract
 - ▶ Combination
- 

STANDARDS & CODES

- ▶ Be sure your project will follow any standards or codes; for example:
 - ▶ National Building & Fire Codes
 - ▶ Environmental Assessment Act
 - ▶ Drinking Water Regulations

PROJECT TEAM MEMBERS

- ▶ Provide a list of people who will be on the Project Team
 - ▶ Support the qualification of the Project Manager to oversee the work
- 

EXPENDITURE PLAN

- ▶ Your project should have something of a schedule that shows when tasks will be started and completed
 - ▶ Use this schedule to build a cashflow so that you know how much and when you're spending money
 - ▶ Having money in the bank when bills come in makes for a smoother project
- 

APPENDICES

- ▶ Attachments of important information to support the request for funding in your Minor Capital Application
-
